4COSC005W – Software Development 2 (2021/22)
Coursework Marking

Student First name:	Marked by:
Student Id:	Mark %:

Criteria	Max for Subcomponent	Max Subtotal
Task 1 One mark for each option (10 options) Menu works correctly	5 2	**(7)**

Task 2 Booth class correctly implemented.
        Options implemented and methods work
                correctly (1 mark each option)
	10
	5
		(15)

Task 3 Arrays version implementation (7)
    Placing patient in the correct booth
        Class Version: Patient class implementation (7)
    Placing patient in the correct booth
	7
	8
	7
	8
		(30)

Task 4 Waiting list as Linked List implementation 102 or APB: Add Patient to a Booth works correctly 103 or RPB: Remove Patient works correctly Placing patient in the correct booth based on the vaccination request	10 3 3 4	**(20)**
Task 5 JavaFX GUI for entering Details GUI for receipt	5 5	**(10)**
Task 6 Test case coverage and reasons	10	**(10)**
Coding Style (Comments, indentation, style)	8	**(8)**
Total		**(100)**
Demo: Marks allocated for your ability to answer questions and demonstrate understanding of your solutions. o **Each Task has a demo component of 50%. If you cannot explain your code and are unable to point to a reference within your code of where this code was found (i.e., in a textbook or on the internet) then no marks will be given for the demo of that component.**		
NOTE: If you do not attend your online demo only Part 1 and Part 2 will be marked.
